\_\_\_\_\_  
Signature of Head of School

Harvest Christian school believes that it is important for our students to be in the world but not of the world. We want to do everything that we can in order to encourage them to be a part of a local church and to look for opportunities to serve the communities that they are a part of. With that in mind we implementing a service learning/spiritual formation credit that they can earn throughout their high school years (7-12). Our intent is to give as much guidance as we can but not to organize or take on the burden of creating opportunity to earn this credit. We believe that there is already opportunity to get involved with the area churches and ministries. We will produce a list of potential places that students can get involved, the list is not exclusive and every effort is made to include those ministries, churches and opportunities in which we are aware. Please let us know of any that we may have missed. Each student will be asked to accumulate 10 or more credits for the school year.

#### Accountability

Students will be held accountable to the places and churches for which they will be involved. There must be a leader who is not related to them that will be able and willing to document the time that is spent participating in the given service. Forms for tracking service/ spiritual formation need to be signed by designated leader/s stating that the student has participated/served for said length of time.

#### Ways to get Service/Spiritual Formation credits.

##### HCS sponsored service opportunities (1 credit)

Feed my starving children

Highway cleanup x2
